PROTRANSPORT™

Your All-In-One Trucking Software Solution

ProTransport combines your fleet's operations into one system that saves you time, measures performance and helps you make strategic business decisions.

ProTransport Features

Full accounting software including driver statements, 1099, P&L, etc.

A complete safety and maintenance module that creates schedules, stores records and sets alerts for certifications and maintenance appointments

An easy to use dispatch board to schedule fleets and communicate with drivers

A mobile app that automatically sends load information to drivers and the ability to upload paperwork from anywhere at anytime

BENEFITS OF PROTRANSPORT

- Saves time by uploading your invoices to your RTS Financial factoring account with 1 click

- Communicates with RTS so that when we receive payment, ProTransport is updated

- Integrates with fuel cards, ELDs, QuickBooks and calculates IFTA

- Customizable for trucking fleets of any size
